Welcome to Keystone Health - Medical Housecall.

We are honored that you have chosen us to be your Primary Care Provider. We understand how disorienting and cumbersome the process of going to the doctor can be for seniors and people with difficulty getting out of their home. That’s why our providers come to you. Our providers are highly trained professionals committed to treating you or your loved one with compassion, respect, and dignity.

The following pages are our new patient paperwork. Please carefully fill them out, and send or fax them to our office. Once we have received the forms, we will contact you to schedule our first visit. Please have your insurance card available on your first visit, as well as your medication bottles or a detailed list of medications and doses available for your provider to review.

Should you need to cancel or reschedule your visit, please provide 1 business day notice.

Thank you for taking the time to fully complete these forms. The rest of this book is for you to keep. If you have any questions about Medical Housecall services provided by Keystone Health or scheduling your first visit, please visit our website or contact us at 208-514-0670.

We look forward to working with you.

Sincerely,
The Keystone Health - Medical Housecall Team

Dear Patient,

You are eligible for a new Medicare program that enables us to provide you with around-the-clock service to oversee your chronic conditions and improve your overall wellness. Chronic conditions are ongoing medical problems like diabetes, high blood pressure, dementia, heart disease, depression, osteoporosis, and many others. These conditions must be managed effectively in partnership between the healthcare team and patient to maintain the best possible overall health and wellness.

What are the benefits of signing up for Chronic Care Management Services?

- Coordinate visits with your doctors, facilities, labs, radiology, or others
- Provide access to around-the-clock (24/7) services from your care team
- Assist with management of medications
- Provide a personalized and comprehensive care plan management
- Assist with scheduling preventive care services, many of which are covered by Medicare

NOTE: You must sign an agreement to receive this type of chronic care management services.

What do you need to know before signing up?

Medicare will allow us to bill approximately $42 for these services during any month that we have provided at least 20 minutes of non-face-to-face chronic care management services.

Medicare will reimburse us approximately $32 and requires you to pay approximately $8 to $9 (your Medicare co-insurance amount, may be covered by your secondary insurance) each month that you receive at least 20 minutes of chronic care management. Our office will have the record of when and how the 20 minutes were spent and you will have 24/7 access to your electronic medical record if you ever have questions.

Our practice is compliant with HIPAA and all laws related to the privacy and security of Protected Health Information (PHI). As a part of this program, your PHI may be shared between care givers directly involved with your health.

You have a right to:

- Discontinue this service at any time for any reason.
- Because your signature is required to end your chronic care management services, please ask any of our staff members for the CCM termination form. The provider will continue providing CCM services until the end of the month and may bill Medicare for those services. After the end of the month, the provider will discontinue CCM services and no longer bill for those services to Medicare.

NOTE: Only one physician can bill for this service for you. Please let your physician or our staff know if you have entered into a similar agreement with another physician/practice.

The goal of Keystone Health is to make sure you get the best care possible from everyone that is involved with your health.

I agree to participate in the Chronic Care Management program.

By signing below, I verify that the above information is correct and true to the best of my knowledge. I authorize Keystone Health to treat me. I authorize all insurance payments to be made directly to Keystone Health. I consent to the release of all information the insurance company may request for filing their claims. I understand Keystone Health will bill my insurance as a courtesy to me, but many insurance companies do not cover all charges, and that I will be responsible for and will pay for any charges not covered by my health care plan. I have received and reviewed the handout called Privacy Practices Notice. I understand that I can ask for further information if needed.

Office Policies

Please take the time to read, initial, and sign our Office Policies to acknowledge your understanding of them. We have found this policy to be most effective for both patients and providers. Outstanding balances can cause embarrassment and communication breakdowns, and potentially decrease adherence to the prescribed treatment program. If you have any questions regarding these agreements, please discuss them with Keystone Health staff.

Your insurance policy is a contract between you and your insurance company. Keystone Health is not a party to that contract. As a service to you and upon your request we can bill your insurance provider. It is your responsibility to provide our office with your insurance details and present your insurance card to our staff so we can bill your insurance carrier completely and accurately. When possible, our staff will call to verify your insurance coverage prior to your appointment. Please be aware that an estimate of benefits is not a guarantee of payment. If an insurance company provides you or our staff with inaccurate information they may not honor the benefits that were quoted.

Please initial here ______

It is your responsibility to be aware of your coverage and co-pay, as well as any deductible and maximums, per your insurance contract. All co-payments, co-insurance payments, deductibles, supplements/products, supplies, therapeutic equipment, and costs of services not covered by your insurance company are due and payable at the time of each visit.

Please initial here ______

PLEASE NOTE: There is a $50.00 fee for each no-show and/or appointment cancellation with less than 24 hours notice. When you schedule an appointment we reserve that time, carefully planned within the context of the week’s schedule, exclusively for you. If you miss that appointment or cancel with less than 24 hours notice, it is too late to schedule another patient for your reserved appointment time. This results in a loss of income to both your practitioner and the clinic. In addition, we also incur administrative expenses related to scheduling, with less than 24 hours notice, regardless of the reason for the missed appointment, please be sure to notify us at least 24 hours in advance to avoid being charged.

Please initial here ______

Once we receive payment from your insurance company, we will apply this to your bill. If we find you have a credit, this will remain on your account for use toward future services and/or purchases. If instead you would like to be issued a refund, please let us know and we will be happy to issue you a check.

Please initial here ______

Patients must be responsible for following the referral, prescription, or treatment plan prescribed by their physician, practitioner, and/or insurance provider. Insurance companies may not pay for services when the treatment plan is not followed, thus patients are responsible for scheduling and attending appointments accordingly.

Please initial here ______

Patients are responsible for notifying Keystone Health if their insurance coverage or details change.

Please initial here ______

As a patient of Keystone Health, I acknowledge and agree to the above statements and understand that a part or all of my care may not be a covered benefit of my health plan. I acknowledge and agree to be financially responsible for my treatment.

General Consent to Treatment

I hereby voluntarily consent to the performance of such diagnostic procedures and/or medical treatment as my physician, non-physician practitioner (PA-C/CNP), their assistants or designees at Key Stone Health may deem necessary or advisable. This care may include, but is not limited to, routine diagnostics, radiology and laboratory procedures, administration of routine drugs, biological and other therapeutics, specialty referrals, and routine medical care. I authorize my physician(s) or provider(s) to perform other additional or extended services in emergency situations if it may be necessary or advisable in order to preserve my life or health. I understand that my care is directed by my physician/provider and that other personnel render care and services to me according to the physician’s instructions.

- I understand that the practice of medicine is not an exact science and I acknowledge that no guarantees or promises have been made to me with regard to results of such diagnostic procedures or medical treatment.

- I understand that samples of body fluids and/or tissues may be withdrawn from me during routine diagnostic procedures, and authorize Key Stone Health to properly dispose of these body fluids.

- I have been informed and understand that an HIV (Human Immunodeficiency Virus- AIDS) test may be performed on me without my consent if a health professional or Key Stone Health employee sustains an exposure to my blood or other body fluid.

I acknowledge that I have read or have had read to me this consent, and fully understand its details. I have had the opportunity to ask questions, and have had these questions addressed.

Living Wills and Idaho’s Natural Death Act

We plan for many important events in life. We plan for retirement, a wedding, vacations, and for a child’s education. Sadly, the health choices that are made at the end of life are seldom planned and many times they are made for us. Decisions are put off and desires are not expressed because it is difficult to contemplate or discuss death.

There are many things to plan for at the end of life. Transfer of property and the well being of a spouse or child are all issues to be considered and planned for. However, the topic discussed here involves end of life health care issues, the importance of living wills, and advance directives. The principle way to ensure that your desires are fulfilled if you are no longer able to communicate your wishes is through a Living Will.

Idaho law provides for individuals to ensure that their wishes about their healthcare are carried out in the event they become incapacitated and are not able to speak for themselves. Generally, there are two kinds of Advance Directives. The first is called a Living Will, and the second is called a Durable Power of Attorney for Health Care. During the 2005 Idaho Legislative session, a modification was made to the Natural Death and Medical Consent Act. Consequently, in Idaho, it is now possible to complete one (1) form for both a Living Will and a Durable Power of Attorney for Healthcare.

A Living Will sets forth your instructions for dealing with life-sustaining medical procedures in the event you are unable to decide for yourself. A Living Will directs your family and medical staff on whether to continue, withhold, or withdraw life-sustaining medical procedures, such as tube feeding for hydration (water) and nutrition (food), if you are incapable of expressing this yourself due to an incurable and terminal condition or persistent vegetative state.

A Durable Power of Attorney for Health Care allows you to appoint a person to make all decisions regarding your health care, including choices regarding health care providers and medical treatment, if you are not able to make them yourself for any reason.

You should not execute an Advanced Directive without having first thought about end of life issues, considered your personal values, and discussed your end of life wishes with your family, physicians, attorney, and clergy.

Advance Directives

I am informed of my rights to formulate an Advance Directive. I am aware that I am not required to have an Advance Directive in order to receive medical treatment by any healthcare provider. The terms of any Advance Directive that I execute will be followed by any healthcare provider and my caregiver to the extent permitted by the law.

DO YOU HAVE ANY ADVANCE DIRECTIVES?

| ❑ No | ❑ Yes | ❑ Do Not Resuscitate | ❑ Medical Power of Attorney | ❑ Living Will |

If the answer is No, would you like information on Advance Directives, POST/DNR and the Idaho Registry? ❑ Yes ❑ No

By signing below, I verify that the above information is correct and true to the best of my knowledge. I authorize Keystone Health to treat me. I authorize all insurance payments to be made directly to Keystone Health. I consent to the release of all information the insurance company may request for filing their claims. I understand Keystone Health will bill my insurance as a courtesy to me, but many insurance companies do not cover all charges, and that I will be responsible for and will pay for any charges not covered by my health care plan. I have received and reviewed the handout called Privacy Practices Notice. I understand that I can ask for further information if needed.
